

I have been using 20<sup>th</sup> Century Tours for my band trips since I became the high school band director at Mineral Ridge in 2001. My father, John Yaksich, used 20<sup>th</sup> Century for his band trips as well, and when he retired, he told me they had always treated him and his students very well. I took his advice and continued using 20<sup>th</sup> Century Tours; I have been going to them for band and choir trips for the past 15 years. Dave Baker and Tracy Smith have both been very easy to work with; they are very accommodating to my students' financial needs and provide quality tours at a very reasonable price. They put together memorable and fun tours that keep my students engaged and always wanting more. The knowledgeable tour guides always have our interests in mind and keep things running smoothly. I have never had an unpleasant experience with 20<sup>th</sup> Century Tours and I highly recommend them to help you take your school group on educational and entertaining trips.

Joe Yaksich, Director  
Mineral Ridge High School Music Department
